A290/A590

Tools for Computing/Topics in Programming — System Programming with C and Unix.

A290/A590 STUDENTS

JIT 0 DUE Monday, August 25, 2025 BY 10:00PM to Jeff via direct email from your IU-assigned email account.

Briefly answer the following questions and send your answers to me, via plain text email ONLY (jwhitmer@iu.edu),

NO LATER THAN 10PM on MONDAY, August 25, 2025.

[NOTE: PLEASE send your responses as simple text within your email, <u>not</u> <u>as</u> <u>an</u> <u>attachment</u>. I appreciate it.]

[PLEASE BE SURE to include <u>BOTH</u> "JIT 0" <u>AND</u> either "A290 C/Unix" or "A590 C/Unix" in the "Subject:" line of your email.]

- What are the TOP THREE THINGS you are hoping or expecting to learn in this course?

- What experience, if any, do you have with C, Unix, Emacs and/or other Unix or command-line tools or utilities?

- What are the TOP THREE TOPICS or AREAS related to Programming/Unix Systems/Logical Problem-solving/Related Topics where you would describe your understanding as EXPERT or NEAR EXPERT? In other words, what do you think you know the most about?

Thank you
